Grants matching your search for **2013-14 Household Hazardous Waste Discretionary Grants (HD22)**

Contra Costa County

Grantee: West Contra Costa Integrated Waste Management Authority

Amount Awarded: \$20,000.00

Grantee Contact: Mr. Chris Lehon

CalRecycle Grant manager: Linda Dickinson

Project Summary: The purpose of this grant will be to expand the usable space inside our current HHW facility and move the office/breakroom as well as the storage of empty drums and gaylord boxes and some of the personal protective equipment outside the building. This will allow the facility to operate more efficiently and safely.

The funds will be used to build a platform across the berm (13 feet x 35 feet) and purchase a converted storage container to house the office/breakroom and equipment storage. The space vacated by the current office (13x35 feet) will be used to hold pallets of e-waste and some operational supplies. The increased usable space will be approximately (800 square feet). When the original facility was built, e-waste was not being collected and the facility has increased the number of users from 3000 to 10,000 over the last 10 years. Additionally, the purchase of a HHW storage locker will allow the El Cerrito Recycling and Environmental Resource Center to operate their collection of various hhw in a safer manner.

Total Awarded for County:\$20,000.00

Los Angeles County

Grantee: City of Lancaster

Amount Awarded: \$37,535.00

Grantee Contact:

CalRecycle Grant manager: Harnak Samra

Project Summary: The City of Lancaster responds to over 835 complaints a year with regards to HHW being illegally disposed along the Public Rights of Way or on Public lands. The City of Lancaster is requesting funding to expand their HHW collection activities in order to provide the public with the safe and secure disposal of HHW. In recent years, the City has received enormous support from the public with regards to offering temporary one day Public HHW events. By providing these temporary HHW events, the City of Lancaster will be able to educate the public on the proper disposal of HHW, reduce illegal dumping, and support a program that creates a positive impact within the community. The City of Lancaster plans on using the funds to conduct 3 temporary HHW collection events where

trained staff will assist the public in the safe and secure collection of HHW waste; purchase a Prefabricated hazardous material storage unit for the collection of hazardous waste, and utilize funding to provide public outreach and education to the community through flyers, banners, advertisements, and a HHW educational website.

Grantee: Los Angeles County

Amount Awarded: \$50,000.00

Grantee Contact: Mr Carlos Ruiz

CalRecycle Grant manager: Baljot Biring

Project Summary: As part of its Countywide Household Hazardous Waste Management Program (HHWMP), Los Angeles County proposes a multi-language general public education campaign to educate and inform residents of the environmental benefits of disposing of household hazardous waste and electronic waste properly and promote existing programs to the public. The public education campaign will be broadcast over the radio in English and Spanish. Public education for the 10 million residents is essential to capture hazardous waste being disposed of improperly. By educating the residents on the proper management of household hazardous waste, this project will help protect public health and safety, including promoting clean water and clean communities, prevent potential public and environmental toxicity risks, positively change peoples' behavior and improve the quality of life for County residents.

Total Awarded for County:\$87,535.00

Siskiyou County

Grantee: Siskiyou County

Amount Awarded: \$73,635.00

Grantee Contact: Mr Arthur Boyd

CalRecycle Grant manager: Matthew Fong

Project Summary: In the past Siskiyou County has had the funding to hold around 8 HHW events per fiscal year. This year, however, funding will not allow this many events. Despite this, we will be holding three events over two years with the help of PaintCare bringing our cost for disposal down to make this possible. Siskiyou County will do its best to bring our HHW events to each and every resident so they may enjoy these aspects of recycling we are able to bring them.

Total Awarded for County:\$73,635.00

Grant Count: 4	Grand Total for Selected Counties: \$181,170.00
